

## PRODUCT PREVIEWS

### RIP AND REMOVE

The Seam-Fix is both a seam ripper and a thread remover. One end has a sharp blade with a safety ball and a snap lid for safety when not in use. The plastic end "grabs" and removes the ripped-out thread bits without sticking or gluing itself to the fabric. [www.nancynotions.com](http://www.nancynotions.com)

### SEW A PERSONAL ASSISTANT

When is an apron not just an apron? When it's a pincushion, a needle keeper, a tool pocket, and more. ASG member Claudia Echols offers a kit to make the ultimate sewing accessory: an apron to keep all your sewing tools handy. Pick your own fabric and trim; pattern and notions included. [www.notthenorm.biz](http://www.notthenorm.biz)

### EASY SHOPPING

Here's an efficient, portable way to keep track of fabric swatches for all your shopping, designing, and sewing needs. Swatch Buddies come in 12, 24, or 48 card sets with ball chain holder, removable labels, and double-sided removable adhesive templates for cutting and mounting swatches. Replacement labels and adhesives are available. [www.swatchbuddies.com](http://www.swatchbuddies.com)

### TOTE TIME

Zipped, it's a useful tote. Unzipped, this magical bag becomes a placemat, a tablecloth, or a playing surface for a little person. Use double-faced quilted fabric or quilt your own. The Handy Bag uses separating zippers: two 24" for Small, two 36" for Medium (shown), four 22" for Large, four 24" for Extra Large. [www.ghees.com](http://www.ghees.com)

### PERFORATING PLEASURE

The Original Skip-Stitch blade is perfect for perforating fleece and similar fabrics such as vinyl, felt, and soft foam in preparation for over-edge finishing, lacing, crocheting, quilting, and more. Choose the #2 blade for lighter fabrics such as flannel and the #3 blade for projects that include lacing or fringe work. All three fit 45mm rotary cutters. [www.skipstitch.com](http://www.skipstitch.com)

### NINE HOLE CREATIVITY

Giant Monogram Buttons with nine holes are great creativity boosters. Use the holes to create letters, numbers, or any other design that suits your fancy. In 45mm and 60mm round and 54mm square, each in 12 colors. [www.dill-buttons.com](http://www.dill-buttons.com)
